What is French-American Innovation Midwest?

French-American Innovation Midwest is a communication and collaboration platform organized around a variety of events that provide examples and opportunities for French-American synergies and joint innovation. Collaborative innovation is a great accelerator for the relationship between our two countries and our people.

The French-American Chamber of Commerce, Minnesota Chapter, in response to an initiative from the Consulate General of France in Chicago, is launching the “2019 French-American Innovation Midwest” with the following objectives in mind:

- Creating opportunities for French-American cultural, educational, business exchanges & cooperation
- Promoting Foreign Direct Investment (FDI), attracting investors & business partners in Minnesota and the Midwest
- Promoting French companies in Minnesota & Minnesota companies in France
- Exploring joint innovation opportunities & strengthening the relationship between our countries
- Recognizing individuals who are a positive factor & a driving force in French-American Innovation

**Because we are stronger together,
Rendez-Vous @ French-American Innovation Midwest
In Minnesota: April 9th -11th 2019
